About This Game

Chat with Saki!

Input keywords, ask questions, or simply check in on Saki to see how she's doing!

Saki is the active type. She is in her school's track and field club and loves spending time outdoors.

Features

- Introduction: Saki would like to know more about you. Answer some simple questions so the two of you get to know each other better!
- ***new*** Colored Keywords: The keywords are now colored! This makes it easier to know what to talk about.
- Time: Time passes in Saki's world. The things she has to say differ depending on the time of the day, or the time of year.
- On / Off: Weekdays are divided between school and club activities. Saki likes to spend her weekends outdoors.
- Locations: Being the active, outgoing type, Saki likes to spend her time in different locations. The keywords and conversation in general can vary by location.

Aya: Saki and [Aya](#) are good friends! They have known each other since middle school. Saki might mention her from time to time. (Store Page: [Talk to Aya](#))

- Random Numbers: Just like Aya, Saki can come up with a random number for you.

☒Play a little bit every day☒

You should let Saki sleep from time to time. She might have some new things to tell you the next time you start the app and talk to her! Some topics can only be fully discussed over several days.

Developer:
Light
Publisher:
Nekomura Games
Franchise:
Talk to...
Release Date: 19 Jan, 2018

b4d347fde0

English

talk to saki. talk to sakina. talk to sakinaka. talk to saki steam. talk to saki game. when does kokona talk to saki

I only put no because its not exactly a game, I bought it thinking it was one thing and it turned out to be another. You can only communicate with her using certain keywords and phrases it gets kinda dull after a few minutes its unfortunate shes not like Cleverbot or any of those AI-esque programs.

That being said its only a \$1.00 so im not exactly annoyed. its a ok program for just killing time. Its not really a game so if you plan on picking this up just dont expect you are going to be able to have a full blown convo with Saki

I give this a 4/10. Not a bad game, though not always play it, developers, add more tags to talk with Saki. I will not say that I recommend this game, but the developers have a good sense of humor))). Make it a full game. So this is sort-of a companion to Talk to Aya. In this case, you are talking with Saki (who happens to be Aya's best friend). Saki is a more outdoors/venergetic type. So there are different keywords you must try, and times to access the "game" to get the achievements.. Just like Talk to Aya and Talk to Yuno I really like this game. I wish that new dialogues will be added. It will be really nice if all three will become a more complex and interactable game.. When i asked Saki about " Football " ...

" Huh? What is it? "

I cried in British accent.
